# New Concept Package

Both the interior and trunk space has been enlarged while the overall length has been reduced by 160 mm.

The efficient utilization of space common in front wheel drive vehicles has been realized in a real wheel drive vehicle.

Weight distribution has been optimized.

This new package offers increased comfort together with a boost in driving performance.

## SALES POINT

Interior and trunk capacity have been increased while the overall length, has been decreases. Space utilization has been improved without sacrificing driver and passenger comfort.

### ■ Comparison between the previous and new model and the competition

	New GS300*	Previous GS300*	Benz E320/420	BMW 528/540
Wheelbase mm (in.)	<b>2800 (110.2)</b>	2780 (109.4)	2833 (111.5)	2830 (111.4)
Front Overhang mm (in.)	<b>835 (32.9)</b>	975 (38.4)	833 (32.8)	861 (33.9)
Rear Overhang mm (in.)	<b>1170 (46.1)</b>	1210 (47.6)	1144 (45.0)	1084 (42.7)
Front Tread mm (in.)	<b>1535 (60.4)</b>	←	1530 (60.2)	1512 (59.5)
Rear Tread mm (in.)	<b>1510 (59.4)</b>	1515 (59.6)	1520 (59.8)	1516 (59.7)
Curb Weight (kg/lb.)	<b>1665 (3671)</b>	1680 (3700)	1635 (3605)/NA	1590 (3505)/ 1725 (3803)
Fuel Tank Capacity (ℓ)	<b>75</b>	80	80	70
