

RX300

OUTLINE OF NEW FEATURES

The RX300 is a mid-range luxury wagon combining the performance of a passenger car with all the functionality of a sports utility vehicle.

Changes have been made to the following features on the RX300:

1. Moon Roof

The operation of the moon roof on the European model has been changed as indicated in the table below.

○ = Operation — = No Operation
 ● = Operation with Jam Protection Function
